Geradine Schultze
Early Intervention Coordinator

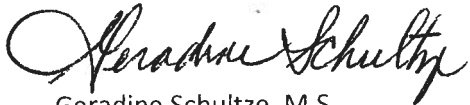

November 17, 2020

Dear Children's Academy Early Learning Center Families,

By now you may have seen a video released by New Albany Floyd County Schools that included the Children's Academy Early Learning Center in the shift to district wide virtual learning that will begin on November 20. This was an error. We apologize for this error in information.

Children's Academy Early Learning Center **will** remain open for in person instruction for the preschool early intervention program, walk-in speech services and the OMWPK Pre-K class from November 20 through December 18. Transportation will remain in place as well for our students that receive bus transportation.

Respectfully,

Geradine Schultze, M.S.

Children's Academy ELC Building Administrator
